

Taking it Deeper - Discussion notes
Welcome Home, Vision
Joshua 4
AGIF September 1

Intro question (for everyone to answer) - What is something God has done for you that you never want to take for granted?

Background before reading the scripture - Where is the Jordan river? Why is it significant that the people are about to cross?

Read Joshua 4 (read it out loud - each one read some verses in turn)

Why would God want the people to build a memorial?

What helps you remember what God has done for you?

Sunday we spoke about who we are and what we are becoming - our emphasis on Jesus & his kingdom, and these 4 qualities

- biblically faithful
- naturally supernatural
- emotionally healthy
- socially responsible

Please explain and discuss what each quality is.

For you personally -

Which one brings you the most joy? and why?

Which one gives you the most challenge? and why?

Optional - if you think your group is ready for this -

Which quality is your group naturally good at?

Which quality does your group need to grow in?

What would you like to do about it?

Prayer suggestion -

Pray for your group to grow in these 4 qualities.
